Work experience

Full-Stack Developer
The4llSquad Nigeria, Jan 2023 - Present

Led the end-to-end development of a comprehensive web application for The411Squad Nigeria, leveraging React.js for the front-end and Node.js for the back-end.

Collaborated closely with UI/UX designers to translate design concepts into responsive and visually appealing user interfaces.

Designed and implemented a RESTful API architecture using Node.js and Express.js, ensuring smooth communication between the front-end and back-end systems.

Full-Stack Developer
The Honeywest Nigeria LTD, Dec 2022 – Present

Collaborated with a colleague to design and develop the web application for The Honeywesth Nigeria LTD.

Worked on the front-end using React with TypeScript, creating responsive and user-friendly interfaces

I Developed the backend using Node.js and Express.js, creating RESTful APIs for seamless communication between front-end and back-end systems.

Full-Stack Developer
Hotel personal project, 2022 – Present

This is a personal life time project, build with Html, Css, Javascript, TypeScript, Firebase and node.js

Developed and Design the user interface and the the backend.

Demonstrated coding skills.

Education & Learning

Software Engineering (Full-Stack Web Developer)
SQI, College of ICT. 2021 – 2023

Studied Full-Stack Web Development at SQI College of ICT, gain proficiency in web frameworks such as HTML, CSS, Tailwind CSS, JavaScript, Typescript, Firebase, React JS/TS, Node.js, PHP, SQL and Angular, as well as skills in GIT, GitHub, Canvas and Figma.

Completed projects focusing on website optimization, dynamic website development, interactive UI design, and Back-ends systems, showcasing abilities to create Full-Stack engaging and user friendly web experiences

Collaborated effectively with cross functional teams, enhancing interpersonal and teamwork skills to deliver successful project outcomes.

Skills

Front-End: HTML5, CSS3, JavaScript, Typescript REACT, ANGULAR.
Back-End: Node.js, Express.js, Firebase, RESTful APIs, MongoDB, SQL, PHP
Languages: JavaScript, TypeScript
Version Control: Git, GitHub.
Deployment: Heroku, Netlify, vercel, Render
Web Development Tools: Visual Studio Code, Framer Motion, Gsap, Postman, GitHub.
Graphic Design Tools: Adobe Illustrator, Adobe Photoshop, CorelDraw, Fireworks, Figma, Canvas
Other: Problem Solving, Critical Thinking, Project Management.

Coding fundamentals. HTML & CSS, JavaScript, Typescript, Angular, React, PHP, Node, Firebase, SQL.
